

Line SPOT DUO

Professional high pressure cleaner
Cold water

TECHNICAL FEATURES

All models from the range SPOT DUO, professional cold water high pressure cleaners, are built with a strong structure completely in STAINLESS STEEL AISI 304 and 430, on 4 standing feet (no wheels) to be placed in a fixed place. They are equipped with a big water tank with automatic float. It is recommended where high water delivery and pressure are required for heavy duty and according to the work needed to be carried out.

All models are made with 2 groups pump and motor with different power and features according to the client's need, from 150 to 200 bars, from 900 to 1260 lt/h

The machine can work with 2 lances at the same time or individually.

On request SPOT DUO can work with 1 lance only and double water delivery

Available also with voltage at 60 HZ

Model	Pressure	Water dly	Motor power	Absor. Power	Voltage
DUO 15/21	30-150 BAR	300-1260 lt/h	7.5 HP	6,5 KW	TRI 230-400 50 HZ
DUO 20/15	30-200 BAR	300-900 lt/h	7,5 HP	6,5 KW	TRI 230-400 50 HZ
DUO 20/21	30-200 BAR	300-1260 lt/h	10 HP	8,5 KW	TRI 230-400 50 HZ

TECHNICAL DESCRIPTION – SPOT DUO

- HP pump with 3 ceramic pistons on line
- Electrical motor 230-400V – 50 Hz with 2 bearings and thermal overload
- By pass with pressure adjustment
- Delayed total stop for each single group
- Control board at 24 V
- Gauge meters
- Nr. 1 HP hose 10 mt. and automatic gun

OR

- Nr.2 HP Hoses and nr. 2 lances if required for 2 operators
